

sE8 Supercardioid Capsule

User Manual

Thank you

Thank you for choosing an sE product! In addition to some basic safety precautions, this manual includes details and specifications to help you get the most out of your microphone. Please take a few minutes to read through it. Capturing excellent audio is our passion. We sincerely hope you'll enjoy using this microphone as much as we've enjoyed designing and building it for you.

Wishing you excellent sound,
The sE Team

Brief Description

sE Electronics produces multiple capsules for the sE8 form factor. To change the sE8 capsule, turn it counterclockwise until you are able to remove it. Place the desired capsule onto the preamplifier base, and rotate it clockwise until tight. Do not over-tighten. All of our capsules maintain the exceptional features of the sE8's internal electronics, i.e. low noise, two low-cut filters, and two attenuation pads. Please refer to the original sE8 user manual for more specific information on operating the preamplifier base.

Safety and maintenance

Risk of damage

Please make sure that the piece of equipment to which your microphone will be connected fulfils the safety regulations enforced in your country and is fitted with a ground lead.

Technical Specifications

Capsule	True Condenser
Frequency range	20 – 20,000 Hz
Sensitivity	24 mV/Pa (-32.5 dBV)
Equivalent Input Noise (EIN)	13 dB(A)
Electrical Impedance	≤ 200 Ohms
Power Requirement	+48V Phantom Power
Connectivity	3-pin male XLR connector
Diameter	23 mm (0.9 in.)
Length	120 mm (4.7 in.)
Weight	145 g (5.1 oz.)

Frequency Response & Polar Pattern

Compliance

This product complies with relevant legal requirements for Restriction of Hazardous Substances (RoHS) and management of waste electronic and electrical equipment (WEEE).

For RoHS and WEEE information, go to <http://www.seelectronics.com/compliance>

Maintenance is not required for product compliance.

Batteries, electronic and electrical equipment should not be disposed of with household waste. Wherever possible, they should be separated and brought to an appropriate collection point to be recycled and to avoid potential impact on the environment and/or human health. For more information, contact your local authorities or place of purchase, or visit

<http://www.seelectronics.com/recycling>

Made in China

Warranty

sE Electronics warrants that its hardware product shall be free from defects in materials and workmanship beginning from the date of original retail purchase.

See <http://www.seelectronics.com/warranty> for specific warranty information about your product and procedures for a warranty claim.

sE Electronics' entire liability and your exclusive remedy for any breach of warranty shall entail, at sE Electronics' option, to repair or replace a functional equivalent of the product, or to refund the price paid, provided that the hardware is returned to the purchased location along with a receipt.

Warranty protections are in addition to rights provided under local consumer laws and may vary among countries. See the full warranty information to know your consumer rights and the additional protections provided by this product warranty.
